About Us

Rammas Technology Solutions as (a member of the ASG since 1981), is a UAE business group based in Dubai, and is a leading provider of wireless communication solutions, dedicated to empowering businesses and individuals, with commitment to excellence.

We offer a comprehensive range of products and services tailored to meet the diverse needs of our customers.

Our cutting-edge wireless devices deliver exceptional performance, reliability and versatility from specialized Push to Talk (PTT) devices, smartphones, to rugged tablets.

Our offerings are at the forefront of technological advancement coupled with our intuitive management software, and businesses gain direct control and visibility over their communication infrastructure.

At Rammas, we understand that seamless communication is the cornerstone of business success, our solutions help in fostering collaboration, connecting people, enhancing productivity and growth.

We are dedicated to delivering exceptional customer experiences through our world class support and commitment to staying at the forefront of industry trends.

As a trusted partner, we deliver wireless solutions that foster seamless communication and drive growth.

OUR GOALS

Vision

To be a leading provider and most trusted wireless communication solutions. Helps empower businesses and organizations with seamless, real-time communication technology that drives productivity and operational excellence while continuously adapting to the ever-evolving world of technology.

Mission

To provide cutting-edge, high-quality reliable Push-to-Talk (PTT) and communication devices that enhance instant connectivity, efficiency, and safety across industries. We strive to deliver exceptional value through innovative technology, excellent customer service and cost-effective solutions that keep teams connected anytime, anywhere.

Values

Reliability- Consistently delivering quality products and services

Authenticity - being genuine & transparent to company's mission

Morality - with strong ethical principles and honesty

Modernization -Embrace innovation and adapt to new technologies and trends

Accessibility -Ensure that products, services, and support are available

Service - Prioritize customer satisfaction and deliver exceptional support

ACCESSORIES

Estalky RSM with M6 Connector

Model: MIC002

- Work Temperature -40°C -100°C
- Built-in amplifier for loud and clear audio
- Microphone Sensitivity at 1kHz -45 to -39dB
- Microphone Output Impedance at 1kHz 300 Max Ω
- Microphone Signal / Noise Ratio at 1kHz 55 to 60dB
- Rugged rubber over mold design, with contoured edges for comfortable grip
- Optional listen-only headsets, eartips and in-vehicle holder available

Estalky PTT Earphone with M6 Connector

Model:EA002

- Operating Temperature -40°C- 80°C
- In-line noise reduction microphone
- Easy to access and tactile PTT button
- Speaker rests on ear for comfortable, all day use
- Flexible D-ring earloop may be worn on right or left ear
- Built-in swivel clothing clip to easily attach headset cable to uniform

Estalky Bluetooth Speaker / Mic

Model: BTS1

- Type of Mic : DSP noise cancellation
- Bluetooth version : V3.0 Class 2
- Bluetooth Protocol : HSP, HFP, A2DP, AVRCP, PTT
- Charging time: About 3 hours
- Music Playing Time : About 14 hours
- Talking Time : About 14 hours
- Standby Time : About 500 hours
- Work Temperature : -15°C to 45°C
- Type of Battery : Lithium battery polymer(1600Ma/3.7V)

Estalky Bluetooth Earphone

Model: BTE1

- Bluetooth version: V4.1 Class 2
- Operation range: 10m
- Profile: HFP, HSP, PTT
- Talking time: about 6 hours
- Standby time: about 50 hours
- Charging time: less than 3 hours
- Working temperature: -15°C ~ 45°C
- Storage temperature: -25°C ~ 60°C

ACCESSORIES

Estalky Bluetooth PTT Button

Model: BT02

- One large and tactile PTT/Programmable buttons
- PTT control to instantly contact dispatch, send a call alert, or call for back-up
- Textured design for enhanced grip, to avoid the device slipping from the users hands
- Glove touch and wet finger compatible
- Allows for discrete communication
- Remote control for other Bluetooth and wired audio products
- Adaptive Bluetooth 3.0 or 4.0 (BLE) technology
- Single pairing feature for increased security and simplicity

Estalky Protective Case

Model: PB001

- Portable design & Fashionable style
- High quality & Exquisite handwork
- Competitive price & Punctual delivery
- The best choice for carrying your radio
